Attention !!!!

- In all the downhill there are many stones to avoid: pay attention and stay very close to the red flags.
- All the downhill are very technical
 - At the most important changing area there will be a referee to control behaviour

- The last material transportation from Parking area to Start Area is planned at 8:00.
- No delay Allowed!!!

- Pay particular attention during the part on foot on the ridge of Castelat : you will run on parts on ice within parts on rocks , so you have to be ensure very well the crampons on your boots to avoid any accident or any crampons loosing !!!!

2017 ALPAGO
PIANCAVALLO

- During the part on the ridge of Castelat it's compulsory to attach the lanyard to the ropes where it's foreseen : you will be assisted by the rescue teams all over the ridge.
